CONFIRMATION OF INFORMED CONSENT AND MEDICAL NECESSITY FOR GENETIC TESTING

The undersigned person (or representative thereof) ensures he/she is a licensed medical professional authorized to order genetic testing and confirms that the patient has given appropriate consent. I confirm that testing is medically necessary and that test results may impact medical management for the patient. I agree to allow Ambry Genetics to facilitate the provision of pre-test genetic counseling services by a third-party service, as required by the patient's insurance provider. Furthermore, all information on this TRF is true to the best of my knowledge. My signature applies to the attached letter of medical necessity.

Signature Required for Processing Medical Professional Signature: Date:

Family Member Acknowledgement: I affirm that the medical professional listed above has offered genetic counseling and has reviewed with me the whole-exome sequencing process prior to testing, and I would like to proceed with test processing.

I understand that the primary exome testing is being performed in order to assist analysis for my family member (proband), that a primary report will only be generated for the proband, and that it may be possible to infer information about my results based on the proband's report.

FOR NY RESIDENTS:

☐ I am a New York resident and I give Ambry Genetics permission to store my sample for longer than 60 days. **NOTE:** If left blank, consent is interpreted as "NO".

If family member signature is not completed below, the medical professional listed above affirms the family member has given consent for genetic testing to be performed and the signed consent form is on file.

Family Member/Guardian Signature:_____ Date:_____

For all exome orders, Ambry includes testing for co-segregation analysis (aka: family testing for candidate alterations) if samples are sent before testing begins.
